June 2021

EUPHAnxt Newsletter

*Dear **EUPHAnxt subscribers,***

Welcome to the June edition of the EUPHAnxt newsletter! If you are new to our network, welcome! In these newsletters, we share events, news, and vacancies that are relevant for you, the next generation of public health professionals.

SAVE THE DATE: July 8, 2021

Next month, we have a mid-term conference planned which will be exclusively for our network. The theme for the upcoming event will be environmental health. Stay tuned to the next newsletter for further conference details.

Check out a write-up about EUPHAnxt in the European Journal of Public Health. [Read it here!](#)

(NOTE) If you have any recommendations for the next newsletter, please submit the details to Charlotte at info.euphanxt@eupha.org. And if you wish to receive the newsletter directly to your inbox, and avoid it going to spam, please add info.euphanxt@eupha.org to your contacts.

Have a great upcoming month,
The EUPHAnxt team

Upcoming Events

EU Greenweek Webinar

Health and Environment Dynamics

June 9, 2021,

The aim of this workshop is to raise awareness of the importance of the exposome with policymakers. It will explore how research outputs could contribute to reducing the burdens associated with the epidemics of chronic cardiovascular and metabolic diseases.

EUPHAnxt, the next generation network

Established in 2011, EUPHAnxt is a unique network within EUPHA (European Public Health Association) for students and young professionals, including early career researchers and policymakers, in the field of public health. EUPHAnxt is coordinated by students and young professionals. EUPHAnxt is a free and open network that aims to inform and involve the future generations into the European and multidisciplinary network of public health associations. You can join us [here](#)!

Our Mission

- **Create a network** between young professionals interested in public health and health related fields, to advance information sharing and international collaboration
- **Strengthen the presence of young professionals** in the European public health community by facilitating their contact to relevant public health professionals and by providing them with opportunities to further advance their academic skills
- **Build collaborations** with associations of young professionals to broaden the EUPHAnxt network and represent the diverse aspects of public health
