MODERATED POSTER SESSIONS (posters displayed throughout the conference, session time to present poster)

THURSDAY 11 NOVEMBER: 14:30-16:00

1. GENDER AND HEALTH

Awareness and concern to prevention and its health as objective-subjective health indicators for female population 45-64 years megapolice Western Siberia (Novosibirsk city)
Igor Gagulin
Russia

Oral contraceptives containing drospirenone and venous thromboembolism
Iris Broman
Croatia

Sexual and reproductive health of women in Bulgaria: need for an integrated approach
Lora Georgieva
Bulgaria

Cardiovascular diseases – European data and information on women’s health
Kerstin Thümmler
Germany

Angeles Cabria
Spain

Implications of high smoking prevalence in pre– and post– natal women in Serbia on health policy
Snezana Simic
Serbia

Gender and diversity analysis of self-management interventions for chronic diseases
Sue Mills
Canada

Reasons for and Acceptance of Abortion in South-West Romania
Cornelia Rada
Romania

Assessing population perception on gender equity in Romania. Pilot study
Florentina Furtunescu
Romania

Outdoor recreational physical activity and parenthood in a gender perspective - a study from south eastern part of Sweden
Katarina Sjögren
Sweden

Evaluation risk of abortion in a rural population in Romania
Iuliana Manuela Dragomir
Romania

Gender Equality at Work: Health Experiences of Employees in Elder Care
Sofia Elwér
Sweden
Domestic violence and some related socio-demographic factors among married women in a district of Ankara-Turkey
Bahar Guciz Dogan
Turkey

Gender and help-seeking: why more gender-comparative studies are needed
Kate Hunt
UK

Lack of Leadership Confidence relates to Problem Drinking in Women. An epidemiologic study of Gender Identity and Alcohol in Swedish women
Gunnel Hensing
Sweden

Doing masculinity, not doing health. A qualitative study among Dutch male employees about male ideologies, health beliefs and company exercise
Petra Verdonk
The Netherlands

Pilot project on preconception care in the Northern district of Rotterdam
Semih Denktas
The Netherlands

Unexpected high levels of perinatal health inequalities in an urban, multi-ethnic population in the Netherlands
Jashvant Poeran
The Netherlands

First results of a midwife-led birth centre in a multi-ethnic population in the Netherlands
Hanneke de Graaf
The Netherlands

Protecting the Right of Women to Affordable and Quality Health Care in Armenia: Evaluation of the Obstetric Care State Certificate Program (OCSCP) 2010
Nune Truzyan
Armenia

Medically certified sickness absence with insurance benefits in women with and without children
Birgitta Floderus
Sweden
2. INFECTIOUS DISEASES

Tetanus immune status and tetanus-prone wounds management - prospective study in a French emergency department
Maurice Tanguy
France

A study of client's knowledge, attitude and practice about influenza A h1n1 vaccine, Jordan 2009
Ghazi Sharkas
Jordan

Eight years of hepatitis B vaccination among high-risk groups
Marlies van Dam
The Netherlands

Assessment of hepatitis A surveillance compared to seroprevalence survey, Jordan (2004-2008)
Ghazi Sharkas
Jordan

Potential years of life lost due to human immunodeficiency virus (HIV) infection in Latvia from 1991 to 2008
Anda Karnite
Latvia

Regional surveillance of Methicillin-resistant Staphylococcus aureus and benchmarking
Annette Jurke
Germany

Hepatitis e virus infection in human and pigs in Sardinia, Italy, (2006-2008)
Laura Andrissi
Italy

Pseudomonas Aeruginosa resistance to third and fourth generation Cephalosporins: the results of an environmental investigation in a Teaching Hospital in Rome.
Stefania Bruno
Italy

Evaluation of Prevention of Professional Acquired Blood Borne Infections in Hospitals in Three European Countries
Predrag Đurić
Serbia

Use of primary care electronic networks to assess the incidence of genital chlamydia in general practice
Anita Suijkerbuijk
The Netherlands

Frequency of Preventable Communicable Diseases among Roma Population in Comparison with Majority in Bardejov Region in 1997 - 2006
Kvetoslava Rimarova
Slovakia

Results of the second generation surveillance survey conducted among IDUs in Russia
Ksenia Eroshina
Russia

Setting indicators for assessing the HIV/AIDS 2010-2013 Action Plan in Catalonia, Spain
Sandra Pequeño
Spain
High prevalence of HBV and HCV among injecting and non injecting drug users in Italy
Vincenza Regine
Italy

Vaccination against the 2009 pandemic influenza a (h1n1) among healthcare workers in the major teaching hospital of Sicily (Italy)
Alberto Firenze
Italy

Infectious diseases and testing behaviour in patients getting substitution treatment in Germany
Tanja Wörmann
Germany

Introduction of 7-valent Pneumococcal conjugate vaccine and its impact on measles-mumps-rubella (MMR) immunization among infants in Italy
Laura Camilloni
Italy

Reconsidering the choice of polio vaccine in polio endemic countries for achieving global polio eradication
Aikant Bhatti
Israel
THURSDAY 11 NOVEMBER: 16:15-17:45

3. PUBLIC HEALTH EDUCATION AND COMPETENCIES

Screening for Helicobacter pylori infection in France, who and why?
Gregoire Jeanblanc
France

Road traffic accidents: can road safety education prevent hazardous behaviours? An operative approach to the problem in the Salerno district
Gabriele Messina
Italy

Health technology assessment of the new 13-valent pneumococcal conjugate vaccine introduction in the Italian context
Flavia Kheiraoui
Italy

Education programme on management and ethics of hospice care
Gena Grancharova
Bulgaria

Results from an EU project on the teaching, training and registration of Public health Physicians specialising in Environment (PHEEDUNET)
Irene Kreis
The Netherlands

From knowledge translation and knowledge brokerage towards knowledge co-creation: an innovation systems perspective on the public health knowledge infrastructure in The Netherlands
Lenneke Vaandrager
The Netherlands

A comparative study of Master of Public Health students at the University of Liverpool in two different Learning Environments: ‘online’ and ‘on campus’.
Francine Watkins
UK

Mapping Public Health Capacity in the EU
Christoph Aluttis
The Netherlands

Health strategy of the Aquitaine region and their innovative policies
Solange Ménival and Ewelina Piznal
France

Developing paneuropean competency based professional standards and accreditation framework for health promotion
Gerard Van der Zanden
The Netherlands

Making Every Contact Count. Yorkshire, United Kingdom, 2009- 2010
Claire de Normanville
UK

Innovative LLL of general practitioners in quality improvement supported by information technology. Project presentation
Stogniew J. Sitko
Poland

Health for sale: health-related advertisements on the Italian press
Maura Bressanelli  
Italy

**Introducing problem based learning into public health master education through joint university collaboration**  
William Sherlaw  
France

**Integrating community health and medical education in a new medical school**  
Olapeju Simoyan  
United States

**Consumer knowledge - attitude & behaviour on the food**  
Osman Ceyhan  
Turkey

**Aligning teaching programmes with the UK Public Health Skills and Career Framework A validation experience**  
Carmen Aceijas  
UK

**Community Health Course**  
Vesna Jureša  
Croatia

**The Legislation on Health Impact Assessment: the current national and regional regulatory framework**  
Alessandra Colombo  
Italy

**Challenges for interdisciplinary global health education and research in Europe**  
The Netherlands  
Switzerland
4. HEALTH SYSTEMS AND POLICIES

Decentralized public health expenditure and Health Outcomes Effect on Infant Mortality Rate in Colombia Municipalities  
Victoria Eugena Soto Rojas  
Belgium

Health System Reforms in the Republic of Macedonia 1991-2010. Where do we go from here?  
Dance Gudeva Nikovska  
Macedonia

US Health Reform Legislation: Policy implications for Public Health  
Dennis Lenaway  
United States

Explaining the impact on health of primary care reform in Cordoba, Argentina 2001-2006  
Ana Clara Zoni  
Spain

“Noricum“: a strategic role play teaching healthcare system conflicts  
Florian Buchner  
Austria

The association between manager’s support and a policy regarding sickness certification on one side and physicians’ sickness certification practice on the other  
Christina Lindholm  
Sweden

Assessment of smoke-free policy and practice in healthcare institutions in Serbia  
Srmena Krstev  
Serbia

Decision Making Process in Vaccine Policy: Developing Country Setting  
Zakhro Djabbarova  
Uzbekistan

Health System Responsiveness in Serbia (Domain Dignity)  
Sanja Matovic Miljanovic  
Serbia

Local government smokefree policy in Poland after introducing Antitobacco Act in 1995  
Lukasz Balwicki  
Poland

How current tobacco control measures benefit tobacco industry?  
Daniil Gonschikov  
Russia

Caregiver perceptions about preparation and storage of reconstituted powdered milk formula: implications for microbiological safety and education  
Elizabeth Redmond  
UK

The Evaluations of the Primary Healthcare Institutions’ Personnel about the Application of Performance Based Supplementary Payment System  
Kiymet Fettah  
Turkey

Priority setting in health care: Dutch lessons for the European neighbours
Timo Clemens
The Netherlands

**Stakeholders' opinions on the alcohol policy measures in Slovenia**
Sandra Radoš Krnel
Slovenia

**Public health and ethical issues: a science fiction perspective**
Grazia Orizio
Italy

**Improving TB Control System in Armenia**
Varduhi Petrosyan
Armenia

**Integrating health impact assessment in everyday governance practice in Hungary**
Agnes Molnár
Hungary
FRIDAY 12 NOVEMBER: 10:30-12:00

5. CHILD AND ADOLESCENT PUBLIC HEALTH

**Medicine use for headache and stomachache among school-aged children in Europe**
Inese Gobina
Latvia

**Implementation of a parent-training program for indicated prevention of early-onset conduct problems**
Paula Villar
Spain

**Telemedicine in Armenia: lessons and challenges**
Anna Poghosyan
Armenia

**Sustainable effects of physical activity promotion based on a school-related prevention programme**
Sebastian Liersch
Germany

**Prevalence of depression among the university students and related factors, Erciyes University – Turkey**
Osman Günay
Turkey

**Does place count? Differences in smoking occurrence among high school students according to their living environment**
Mate Adam Balazs
Hungary

**Twenty year trends in tobacco smoking and physical activity among Siberian adolescents: a population-based cross-sectional study (1989-2009)**
Diana Denisova
Russia

**The relationship between eating habits and sleeping habits**
Gudrún Kristjánsdóttir
Iceland

**The International Study of Wheezing in Infants (Eisler)**
Ines Aguinaga Ontoso
Spain

**Healthy food habits among adolescents in Europe: does income inequality matter?**
Gintare Petronyte
Lithuania

**Exposure to cyber-bullying among 12-18-year old Finnish adolescents: a population based study**
Pirjo Lindfors
Finland

**Trends in weekly pains among Icelandic schoolchildren**
Gudrún Kristjánsdóttir
Iceland

**Intra-individual change over time in psychological well-being and self-esteem among early and middle adolescents in Slovakia**
Zuzana Katreniakova
Slovakia

**Dental caries and levels of oral hygiene and knowledge among 10-14 years-old orphans in North-West Russia**  
Maria Gorbatova  
Russia

**Comparison of the life quality of boarders and day-students studying in the regional boarding–schools in Turkey**  
Osman Günay  
Turkey

**Sleep patterns among adolescents in South Korea**  
Kyoung Ae Kong  
South Korea

**Urban-rural and gender differences in the prevalence of overweight and obesity among adolescents in Northwest Russia**  
Svetlana Khasnutdinova  
Russia

**Depressive symptoms and physical fighting among adolescents**  
Silvia Fraga  
Portugal
6. CHRONIC DISEASES AND ELDERLY

Chronic Disease Prevention and Control: A Survey of Methods and Structures
Rachel Irwin
UK

Screening optimization of chronic obstructive pulmonary disease in primary health care using PiKo-6 device
Elena Andreeva
Russia

Determinants of poor self-rated health in recently diagnosed rheumatoid arthritis patients
Iveta Nagyova
Slovakia

Approaches to chronic care and disease management in Denmark in 2009
Ramune Jacobsen
Denmark

Diabetes-related deaths and co-mortality in the Brussels-Capital Region (2001-2005)
Hadewijch Vandenheede
Belgium

Does altruism and reciprocity play a part in participation in longitudinal health research studies? Findings from the British Whitehall II study
Gill Mein
UK

Tooth Loss and Edentulism in the Turkish elderly
Bahar Guciz Dogan
Turkey

Selecting the more effective population interventions to reduce cardiovascular morbidity and mortality in Catalonia, Spain by 2020
Isaac Subirana
Spain

Assessing the Needs of Patients with Type 2 Diabetes for Health Promotion Activities
Bert Vrijhoef
The Netherlands

Chronic Disease Management: the state of the art in Italy
Luca Valerio
Italy

The association between waist circumference and mortality in elderly: a meta-analysis
Wanda Bemelmans
The Netherlands

Towards a European Diabetes Information System: from St.Vincent Declaration to EUDIP, EU CID, BIRO and EUBIROD. Are we getting closer?
Fred Storms
The Netherlands

Predictors of social participation one year after kidney transplantation
Lucia Prihodova
Slovakia

Secondary prevention of coronary heart disease: patients’ sense of coherence and health-related behaviour
Barbora Silarova
Slovakia

“How would you go about that? I don’t know.” A qualitative study on perceptions of prevention of knee pain and disability
Clare Jinks
UK

A case-control study on systemic hypertension and risk of obstructive sleep apnea syndrome conducted in Yerevan, Armenia
Ruzan Udumyan
Armenia

Self-rated health as an outcome predictor in patients with chronic cardiopulmonary disease
Jerneja Farkas-Lainscak
Slovenia

Time trends in monitoring of screening activities in primary health care between 1998 and 2008 in Lithuania
Vilma Kriaucioniene
Lithuania
FRIDAY 12 NOVEMBER: 13:00-14:30

7. HEALTH PROMOTION

A new perspective in measuring health. The salutogenic approach
Göran Ejlertsson
Sweden

Determinants of health policy impact in local contexts – a study of politicians in four municipalities in Finland
Nina Simonsen-Rehn
Finland

Drug Information Needs of Patients in Germany
Jane Schroeder
Germany

Strengthening Health Promotion in the Netherlands
Marijen Leurs
The Netherlands

How to develop a culturally-sensitive prevention using the PEN-3 model: a case-analysis promoting HIV/AIDS testing among Surinam and Antillean communities in the Netherlands
Leonie van Egeraat
The Netherlands

Integration of public health topics into continuous education of school teachers: a way of promoting health at schools
Elena Lunina
Russia

Analysis of bristle features in adult toothbrushes
Melek Turgut
Turkey

Economic assessment of health promotion in finnish municipalities
Pia Hakamäki
Finland

School development by using health management
Ulla Walter
Germany

The effect of physical activity intervention on coronary heart disease risk in Izmir-Turkey: Challenges at the community level
Gül Gürkelioglu
Turkey

Which integration of the cardiovascular health promotion for health professionals?
Yves Coppieters
Belgium

A model of Therapeutic Education
Gabriele Messina
Italy

A comprehensive approach for integrated HIV/STI prevention among gay men in the Netherlands using new media
Wim Zuilhof
The Netherlands
Smoke free workplaces – a health promotion intervention in Sibiu County, Romania, 2007-2009
Eugenia Bratu
Romania

Use of KAP study to estimate effects of a nationwide communication pre-test directed to schoolchildren parents about nutrition and physical activity, Italy 2009
Chiara Cattaneo
Italy

Chantal Savanovitch
France

Population’s attitude toward tobacco control in Georgia
George Bakhturidze
Georgia

Interactive e-patients and public health: a content analysis of online social networks focusing on diseases
Umberto Gelatti
Italy
8. MENTAL HEALTH AND SOCIAL INEQUALITIES

Social inequality of indigenous children in the NT Australia prompts innovative oral health policy & practice
Julie Hornibrook
Australia

Non-national patients with sexually transmitted infections in Italy, 1991-2007
Andrea Bruning
The Netherlands

Socio-economic transition and inequalities in mortality from diseases of the digestive system:
Lithuanian experience
Ramune Kalediene
Lithuania

Accidents and injuries and health care use among Roma and non-Roma adolescents in Slovakia
Peter Kolarcik
Slovakia

Access to primary health care among Burmese migrants in London: a cross-sectional descriptive study
Nyein Chan Aung
Switzerland

Health care seeking among male undocumented migrants in the Netherlands
Tina Dorn
The Netherlands

Hygienic and sanitary housing conditions of Roma population in the territory of Novi Sad
Marija Jevtić
Serbia

Welfare state regimes and health inequalities: including the evidence of East Asian welfare states
Ying-Chih Chuang
Taiwan

Poverty and Health in Europe: a Multilevel Analysis
Timo-Kolja Pfoertner
Germany

Contextual socioeconomic factors are associated with differences in dietary intake and weight status, independently of individual socioeconomic factors
Ulla Toft
Denmark

Socioeconomic inequalities in overweight and obesity among adults in Turkey: a regional evaluation
İsil Ergin
Turkey

Differentiation in terms of access to and quality of health programmes in the Pomeranian Region, Poland: a local government survey of the region’s 2.2 million population
Agnieszka Wojtecka
Poland

Childhood socioeconomic position and adult health behaviours: a study of 31 182 men and women in the Stockholm Public Health Survey
Daniel Falkstedt
Sweden
Socioeconomic inequalities in acute myocardial infarction (AMI) incidence and short-term case-fatality explain gradients in AMI mortality in Scotland
Carolyn Davies
UK

Lessons learned for Sweden from the WHO Commission on the Social Determinants of Health
Karin Melinder
Sweden

A health observatory in the city of Nanterre, a tool for an efficient local health policy
Hélène Colombani
France

Socioeconomic Status and Smoking in a Representative Sample of Greek Population: The HELLAS HEALTH I STUDY
Sotiria Schoretsaniti
Greece

Educational attainment moderates the association between national happiness and personal affect across Europe
Ana Teixeira
Canada
FRIDAY 12 NOVEMBER: 16:30-18:00

9. PUBLIC HEALTH EPIDEMIOLOGY

Maternal gestational diabetes and congenital heart defects in infants
Virginija Dulskiene
Lithuania

Comparison of alcohol consumption in Estonia and Finland in 1994–2006
Kersti Pärna
Estonia

The European Health Interview and Health Examination Surveys database is a practical tool for comparison and development of survey methods in Europe
Sanna Ahonen
Finland

Close contact and social network (social support) and risk of cardiovascular diseases
Elena Gromova
Russia

A survival analysis of newborns with congenital anomalies in Latvia from 2000 to 2007
Irisa Zile
Latvia

The underlying Factors for the increased risk of Diabetes Mellitus Type 2 in Rheumatoid Arthritis Patients
Pedro Laires
Portugal

Survivors of war in the Northern Kosovo (II): history of traumatic experience and baseline clinical and functional assessment
Shr-Jie Wang
Denmark

Gastroesophageal reflux disease in relation to sleep problems: a population-based study
Catarina Jansson
Sweden

Evaluation of appropriateness and determinants of caesarean section in an Italian region from 2007 to 2008
Manuela Chiavarini
Italy

Cause-specific profiles of infant mortality in Italy: an explorative analysis.
Monica Pace
Italy

Regional differences in parity and their impact on breast cancer incidence in Croatia
Jadranka Bozikov
Croatia

Pilot comparison of European Health Interview Survey (EHIS) questions
Antti Tuomi-Nikula
Finland

Prevalence of symptoms of visually induced motion sickness and visual stress during and after viewing a three dimensional movie
Angelo G Solimini
Italy
Changes and explanations for socioeconomic differences in physical activity
Tina Seiluri
Finland

Antibiotics consumption in Zagreb in comparison with resistance of uropathogenic strains of Escherichia coli in pregnant and other women
Maja Maric-Bajs
Croatia

HIV infection among blood donations in European Countries in 2006
Mariangela Raimondo
Italy

Exposure to Electromagnetic Fields (EMF) and Non-specific physical symptoms: A Systematic Review of Observational studies
Christos Baliatsas
The Netherlands

A Geographer's Insight into the Field of Cervical Cancer Screening: Providing Geographical Information to Decision Makers
Denis Leroux
Canada
10. ENVIRONMENT, HEALTH AND SAFETY

The impact of polycyclic aromatic hydrocarbons on pregnancy outcome
Wojciech Hanke
Poland

Health risk perception of environmental factors in an urban population in Northwest Russia
Tatiana Unguryanu
Russia

The role of air pollution on human health in Dresden 2003-2005
Anja Zscheppang
Germany

Environmental Radon-222, lung cancer, and chronic bronchitis in West Georgia
David Tsereteli
Georgia

Exposure to pesticides among families working in agriculture and their children
Wojciech Hanke
Poland

Temporal trends in benzo(a)pyrene pollution in Urban territories of Upper Silesia Agglomeration 1980-2004
Justyna Kaźmierczak
Poland

Long-term exposure to traffic-related air pollution and type 2 diabetes prevalence in a semi-rural area of the Netherlands (1998-2000)
Sanne Mallant
The Netherlands

The impact of environmental and behavioral factors on elevated blood pressure of Moscow children
Sergey Zhivin
Russia

Contribution to risk assessment of chlorinated polycyclic aromatic hydrocarbons associated with drinking water chlorination: formation, occurrence and genotoxic effects
Ana Sofia Cardoso
Portugal

Health impact indicators on climate change in Slovakia - a pilot study on data availability
Zuzana Klochanova
Slovakia

Community Orientation And Promotion of children falls at Home Among Arab Minority In Israel
Subhi Badarni
Israel

The effect of Lithuania’s year of sobriety (2008) on losses due to alcohol-related injuries
Skirmante Starkviene
Lithuania

Integration of Injury Statistics at the European Level
Mathilde Sengoelge
Austria

Building policy to prevent interpersonal violence in Scotland and Brazil, 2000-2010
Alison Gehring
UK
Cost of Adverse Events for Hospitalised Patients
Jose Luis Navarro Espigares
Spain

Trends in hospital admissions due to bicycle-related injuries, 2005-2008
Josep M Suelves
Spain

ω-6 and ω-3 in farmed fish: a gap of aquaculture practice
Caterina Ledda
Italy

Effect of frying, grilling and steaming on amino acid composition of marine fishes
Nuray Erkan
Turkey
Contact details: nurerkan@istanbul.edu.tr
SATURDAY 13 NOVEMBER: 10:30-12:00

11. MENTAL HEALTH

Work and non-work related explanations for gender difference in the use of psychoactive drugs
Mikko Laaksonen
Finland

Health and wellbeing of adult Icelanders following the
Gudrún Kristjánsdóttir
Iceland

How to present consumer quality index data to mental healthcare outpatients?
Daniëlle Meije
The Netherlands

Mental health status among adolescents in South Korea
Yu Na Ji
South Korea

Survival of psychiatric inpatients with substance use disorder in the total population of Iceland for the past 25 years
Steinn Steingrimsson
Iceland

Psychiatric Advance Directives: a stakeholders analysis
Vincent Lorant
Belgium

Mental disorders in the General Practitioners activity in Polish health care system-
Mariusz Geremek
Poland

Perceived social support is more important in reducing depression in older PD patients than in younger ones
Radka Sufliarska
Slovakia

Associations between general self efficacy, barriers to care and self reported mental illness – a population based study
Lena Andersson
Sweden

Utilization and quality of prescribing antidepressants in Croatia, 2004- 2008
Danijela Stimac
Croatia

Association of obesity and health behaviour with physician-diagnosed depression - results of a nationwide population-based study in Germany
Markus Busch
Germany

Alzheimer’s Disease and Dementia: Prevalence and Access to the Health and Social Care in Slovak Republic in Years 2002 - 2008
Lenka Maruskova
Slovakia
Dementia – Epidemiological Situation and Accessibility of Health and Social Care Services in Four European Countries in 2008.
Zuzana Cernuskova
Slovakia

The critical aspects of the lifetime and 12 months service use of mental disorders in Romania
Silvia Florescu
Romania

Mental Health in the System of Health Accounts
Martin Dlouhy
Czech Republic
12. LIFESTYLE

Benefices and risks linked to high consumption of natural mineral waters
Marie-Pierre Sauvant-Rochat
France

Maintenance of weight loss after lifestyle interventions for overweight and obesity, a systematic review
Jeroen Barte
The Netherlands

Sunhye Choi
South Korea

Reasons for continuation and cessation of smoking among pregnant women in Northwest Russia
Olga Kharkova
Russia

Surveys of public attitudes towards smoking and tobacco control policy in Russia: round two. What had changed between November 2007 and May 2009
Kirill Danishevskiy
Russia

National Data Collection Activities on Nutrition and Physical Activity - Aspects of Comparability
Grit Neumann
Germany

Childhood and current circumstances as predictors of leisure-time physical inactivity and poor physical condition in early adulthood
Laura Kestilä
Finland

Potential Public Health Gains in Europe: Applying DYANMO-HIA (a standard tool for Health Impact Assessment)
Stefan Lhachimi
The Netherlands

Weight Status and Physical Activity in a Romanian Rural Population
Monica Laura Cara
Romania

Eating habits, drinking, physical activity, smoking, and usage of illegal narcotics in Estonia: Gender differences
Taie Kaasik
Estonia

Care for patients with an increased risk for cardiovascular diseases
Carla van Boheemen
The Netherlands

Temporal Reliability of the Spanish version the IPEN (International Physical Activity and the Environment Network) in Pamplona (Spain)
Francisco Guillen Grima
Spain

Individual health behaviour as a factor for the efficacy of drug therapy. A study in Baden-Württemberg in Germany (2009-2010)
Olga Battermann
Germany

**Smoking or quitting, this is the question!**
Georgiana Nitu
Romania

**Is Knowledge of Cardiovascular Risk Factors enough to bring about Health Promoting Behaviour in Students?**
Ben Jones
UK

**Vital exhaustion and risk of cardiovascular diseases among male ages 25 to 64 years**
Valeriy Gafarov
Russia

**Use of food supplements - an analysis of inquiries addressed to a drug information service**
Lisa Goltz
Germany

**Association of formal education and health behaviours in Croatian adult population**
Ognjen Brborovic
Croatia

**Overweight and school performance among Dutch children in primary school: the PIAMA birth cohort study**
Jorien Veldwijk
The Netherlands

**BeweegKuur (“a Course of Exercise”)**
Sofie van den Hombergh
The Netherlands
SATURDAY 13 NOVEMBER: 13:00-14:30

13. HEALTH SERVICES RESEARCH

Cost-Effectiveness Analysis of Total Hip Arthroplasty with Minimally Invasive Surgery
Jose Luis Navarro Espigares
Spain

Maternal outcomes by the accessibility to local obstetric care in Korea
Younghyun Choi
South Korea

Work environment and quality of care in public and private service housing for elderly people.
Anna-Mari Aalto
Finland

Association of process quality of care indicators with patient outcomes in diabetes
Grigory Sidorenkov
The Netherlands

Cooperation between professionals in integrated child health care centers
Vincent Busch
The Netherlands

Doctors’ Information Needs for Referral Decisions
Peter Hermeling
Germany

Necessity of reform in Bulgarian pharmaceutical reimbursement system — prognostic results
Toni Vekov
Bulgaria

Leading causes of hospitalization in Serbia - changes over time
Milena Vasic
Serbia

Assessment of correlation between organizational management of females cancer screening programs and performances in the period 2005-2007
Fabrizio Bert
Italy

Pharmacoeconomic indicators of cardiovascular drug utilization in the Republic of Croatia and City of Zagreb in 2008

Long-term sick leave in Sweden 1992–2008 and the role of economic conditions, legislation, demography, work environment and alcohol consumption
Ulrik Lidwall
Sweden

Smoking and disability retirement – a register based follow-up study
Ossi Rahkonen
Finland

Xavier Duran Jordà
Argentina

The impact of health problems in sickness absence might be underestimated in Sweden
Gunnel Hensing
Sweden

Sickness certification norms in Norway and Poland, a comparative study on GPs recommendation of sick leave in respiratory tract infections
Nils Fleten
Sweden

Disability pension after coronary revascularisation. A 15-year follow-up in Sweden
Margaretha Voss
Sweden

The usefulness of National guidelines for sickness certification
Britt Arrelöv
Sweden

Focus group study on women’s actions, emotions, and reflections regarding work after breast cancer surgery
Marie Nilsson
Sweden

Risk assessment of occupational accidents in pulp-and-paper industry in Northwest Russia
Zhanna Varakina
Russia

The Kosova Police from 2005-2007: sickness absenteeism or presenteeism?
Ardita Baraku
Kosova

Subjective health in relation to return-to-work among people on long-term disability benefit: a one year prospective cohort study in the Netherlands
Angelique de Rijk
The Netherlands

**Gender, work-home interference and burnout among Dutch General Practitioners**
Inge Houkes
The Netherlands

**Theories of work stress: a comparison of the effort-reward imbalance model and job demands-control model in a nationally representative survey sample**
Sally McManus
UK

**Prognostic factors for shifting between return to work and multiple benefits during a 5-year follow-up after occupational rehabilitation**
Irene Øyeflaten
Norway

**The Impact of Employment Advice in Primary Care**
Fiona Ford
UK
POSTERS BY TOPIC (displayed throughout the conference)

CHILD AND ADOLESCENT HEALTH

Prevalence of insomnia among Portuguese adolescents
Odete Amaral
Portugal

Teachers’ views about health and health education in 15 countries
Graça S. Carvalho
Portugal

Determinants of need for professional mental health care in adolescents: data from a population based study
Danielle Jansen
The Netherlands

Opinion leaders in child health promotion identified by network analysis, Sweden 2008
Karin Guldbrandsson
Sweden

Characterizing youth concerning alcohol: Using audience segmentation
Jolanda Mathijssen
The Netherlands

The importance of media literacy in adolescent smoking and drinking
Bettina Piko
Hungary

Comparison of nutritional status of boarders and day–students who study at the regional boarding–schools in Giresun–Turkey
Osman Günay
Turkey

Risks of Exposure to Ionizing Radiations Due to Pulmonary Radiography in Paediatrics
Mossang Daniela
Romani

Sergey Sargsyan
Armenia

Infant mortality and income inequality in Europe: an ecological study
Giuseppe Franchino
Italy

Personal Hygiene Behaviors Among Adolescents In South Korea
Seonghye Jeong
South Korea

Maternal Education and prevalence of obesity among Children
Paola Nardone
Italy

FTO gene polymorphism associations with cardiometabolic parameters in the Siberian adolescent population
Larisa Zavyalova
Russia
High prevalence of non-compliance to treatment and topical corticosteroid fear among parents of preschool children with atopic dermatitis in a Russian town
Olga Koshkina
Russia

Socio-demographic determinants of dental appointments in Portuguese adolescents
Nélio Veiga
Portugal

Developing national quality measures for infants and toddlers preventive health services
Keren Dopelt
Israel

“We love all our children”: cultural practices and trafficking of children in Guinea-Bissau
Geir Gunnlaugsson
Iceland

Parental support and control and adolescent alcohol use
Runar Vilhjalmsson
Iceland

Multi-sector policy action to create “activity-friendly” environments for children: a multiple case study
Marie-Jeanne Aarts
The Netherlands

Alcohol and tobacco: approach, use and risk perception in the adolescents of the south Europe
Margherita Ferrante
Italy

Eating disorders among youth aged 13-14 in Republic of Macedonia – what do students eat and how do they behave?
