

ACCESS TO COVID-19 TECHNOLOGIES: ASSESSING PUBLIC INITIATIVES THROUGH A HEALTH EQUITY LENS

2 MAY | 14.00 - 15.30 CET

EUPHA and Wemos invite you to a joint webinar to inform you about covid19response.org, a website developed by Wemos that reviews public initiatives for global access to and finance for medical products against Covid-19. The webinar provides you support for your advocacy, policy-making or research related to achieving an equitable and effective response to the current and future pandemics.
