Sustaining resilient and healthy communities

The European Public Health Conference Foundation, the European Public Health Association (EUPHA) and the Swedish Association of Social Medicine are pleased to invite you to the 10th EPH Conference 1-4 November 2017 at the Stockholmsmässan, Stockholm, Sweden.
<http://www.stockholmsmassan.se/about-stockholmsmassan>

CAPACITY AND KNOWLEDGE BUILDING

The 10th EPH Conference offers excellent capacity and knowledge building by providing a packed scientific and policy-relevant programme. Main theme for the conference is 'Sustaining resilient and healthy communities'. Sub-themes include:

- Sharing our common wealth: efficiency and equity trade-offs in welfare policies.
- Public health in a globalized world: is Europe ready for the challenges?
- Winds of change: from public to private, from collective to individual. How can public health systems adapt to a changing world?
- Health systems under pressure: ageing and migration challenging principles of human rights and solidarity.
- Planetary boundaries and health: how do they interact?

NETWORKING

The annual EPH conferences are considered the premier European gatherings of public health professionals worldwide. Delegates include researchers, policymakers, practitioners and teachers in public health and many other related fields.

The conference offers excellent opportunities for professional networking and for making and renewing friendships. The social programme includes a welcome reception at the famous Stockholm City Hall and a conference dinner at a historic Stockholm venue.

STOCKHOLM AND THE EPH CONFERENCE

To raise awareness in Stockholm and to promote health, the conference plans to organise public engagement activities.

Don't miss the EPH Conference in Stockholm - Everybody will be there!

We look forward to welcoming you!

Birger C. Forsberg
Chair of Stockholm 2017
