

# 16<sup>TH</sup> WORLD CONGRESS ON PUBLIC HEALTH

## 12 – 17 OCTOBER 2020

### LA NUVOLA, ROME, ITALY

## PUBLIC HEALTH FOR THE FUTURE OF HUMANITY: ANALYSIS, ADVOCACY AND ACTION

The theme of the Congress, *Public Health for the Future of Humanity: Analysis, Advocacy, and Action*, reflects our firm commitment that we, in the global public health community, have an obligation to respond to emerging global threats and challenges. We must challenge and hold to account those with the power to make a difference. And we must act, making real our commitment to health in all policies. We will explore this further in our plenary programme. More information [here](#).

### ABSTRACT SUBMISSION

Abstracts are invited for workshops and single presentations in all areas of public health research, education, practice and policy. Share your work with colleagues and learn from each other. The World Congress offers excellent opportunities to learn from the latest research and practice, to network with experts and colleagues and to expand your professional horizons. Abstracts and workshops can be submitted via the website until 1 March 2020. Do not miss the opportunity to be recognised for your hard work. Detailed instructions can be found [here](#).

### ABSTRACT MENTOR PROGRAMME

The Abstract Mentor Programme offers an opportunity for young and/or less experienced abstract submitters to receive feedback from experienced reviewers. The programme is especially targeted at researchers who have limited access to colleagues to ask for guidance and comments on their proposed abstracts. Mentors will provide one-time, anonymous feedback on the writing and format of an abstract. More information [here](#).

### WORLD LEADERSHIP DIALOGUES

World Leadership Dialogues (WLD) can be organised by health organisations, NGOs, and commercial organisations. WLDs are high-level sessions on current topics in public health intended to complement the plenary sessions. Detailed information on how to submit a proposal to organise a WLD, click [here](#).
