

14TH EUROPEAN PUBLIC HEALTH CONFERENCE

10 – 12 NOVEMBER 2021

VIRTUAL EDITION

PUBLIC HEALTH FUTURES IN A CHANGING WORLD

PRE-CONFERENCE PROGRAMME

EPH Conference 2021 offers an exciting programme of pre-conference on Wednesday 10 November from 9:00–12:40 CET. Sessions will be moderated live with interaction through chat and Q&A. Registration for pre-conferences (€50) can simply be added to your existing registration.

EUPHA PHE and HTA sections, in collaboration with ASPHER, organize three skills building pre-conferences on **economic evaluation**. Professionals who want to understand the basics of economic evaluation and its application to health technology assessment and decision making should register for these events. Economic evaluation tools are indispensable instruments in the evaluation of healthcare goods, services and system reforms. These tools are of critical importance in decision-making for developing evidence-informed policies pertaining to all aspects of resource allocation. Such tools provide insights on how to improve efficiency and how to protect equity of both healthcare financing and provision.

- **Panel data econometrics: how to perform your analysis with R**
- **What simulation modelling of obesity can offer to policymakers and practitioners. How can we improve its contribution?**
- **Developments in economic evaluation in healthcare**

Other pre-conferences on current topics as climate change and health, injury prevention, health promotion, migrant health, health care in Germany, public health in Ireland and mental health can be found [here](#).

UPDATE PLENARY PROGRAMME

In the plenary programme we examine current and pressing challenges affecting the future of our discipline. Read more about the theme and plenary sessions [here](#).

REGISTRATION

You can benefit from early bird registration fees until 1 September. Meet your colleagues virtually during three conference days at the largest public health event in Europe. 1,250 colleagues have already registered and there is plenty of room for more.

Registration fees for the virtual edition have been substantially reduced: EUPHA members pay €210 before 1 September, non-members €270, Students, trainees and colleagues from low- and middle-income countries only €140 (all including VAT). Pre-conferences €50. More information [here](#).

PARALLEL PROGRAMME

The virtual EPH Conference 2021 parallel programme is now available online. This virtual edition includes a vast programme with 175 parallel sessions (workshops and oral sessions) and twenty poster displays. All sessions will be 60 minutes and live streamed through the virtual platform. All sessions will be recorded for delegates to view at a later stage. There will be network sessions to meet your colleagues. EUPHA Sections are organizing their annual Join-the-Network meetings and pre-conferences.

Check out when you are scheduled for presentation. You can search by typing in your surname. [Check the programme here](#).
