Chiara Tripepi HaDEA A2 - EU4Health and SMP Food

10 November 2022

European Health and Digital Executive Agency

Public procurement – main features

Purchase of works, supplies and services by public bodies

- Initiative and control lie entirely with the contracting authority who produces the detailed specifications
- The results of the action remain the property of the contracting authority
- The contractor's invoice is only paid in exchange of the delivered services, as per the contract signed by both parties

Annual Work Programme Strands and budget

Total Budget Available under Annual Work Programme 2022 (grants and procurements) €835 349 555

Annual work programme 2022 - Overview

Budget EU4Health AWP 2022 for procurement

Actions per Strand

Procurements – which procedures in HaDEA?

Open procedure

Any economic operator who is interested may submit a tender.

Framework contract

Establishes the general outline of the services or supplies to be delivered. Requires an additional step to make the actual purchase, i.e. a request for service. The invitation to submit a tender is only sent to the economic operators that are part of the framework contract.

Competitive procedure with negotiations

Two steps procedure. In the first step only the exclusion and selection criteria are assessed and in the second step the award criteria are evaluated. Any interested economic operator may ask to take part in the first step of this procedure, but only those invited can submit a tender that will be evaluated in the second step.

Procurements lifecycle HaDEA's perspective

From the preparation of calls to the implementation of contracts

Tender specifications

Tenderers should **read carefully** the tender specifications, which include:

- Description of the service / supply to be purchased by the contracting authority
- Procedure used for the procurement (open / restricted / competitive with negotiation)
- Minimum requirements, selection and exclusion criteria
- Award criteria
- List of documents that the tenderer will need to submit with its offer

Prepare your offer

General information on tendering

- Economic operators can submit a tender either as a sole tenderer or as a group of tenderers.
 A joint tender is a situation where a tender is submitted by a group (with or without legal form) of economic operators regardless of the link they have between them. The group as a whole is considered a tenderer.
 - All members of the group assume joint and several liability towards the Contracting authority for the performance of the contract as a whole.
 - **Group members must appoint a Group leader** and a single point of contact authorised to act on their behalf in connection with the submission of the tender and all relevant questions, clarification requests, notifications, etc., that may be received during the evaluation, award and until the contract signature.
 - The joint tender must clearly indicate the role and tasks of each member and of the Group leader who will act as the Contracting authority's contact point for the contract's administrative or financial aspects and operational management. The Group leader will have full authority to bind the group and each of its members during contract execution. If the joint tender is successful, the Contracting authority shall sign the contract with the Group leader, authorised by the other members to sign the contract on their behalf via power of attorney.

Prepare your offer

Sub-contracting

- Subcontracting is the situation where the contractor enters into legal commitments with other economic operators which will perform part of the contract on its behalf. The contractor retains full liability towards the Contracting authority.
- All contractual tasks may be subcontracted unless the Technical specifications expressly reserve the execution of certain critical tasks to the sole tenderer itself, or in case of a joint tender, to a member of the group.
- Tenderers are required to give an indication of the proportion of the contract that they intend to subcontract, as well as to identify and describe briefly the envisaged contractual roles/tasks of subcontractors meeting any of these conditions for performance of the contract as a whole.
- Any such subcontractor must provide the tenderer with a commitment letter.
- Changes concerning subcontractors identified in the tender (withdrawal/replacement of a subcontractor, additional subcontracting) during the procurement procedure (after the submission deadline and before contract signature) require the prior written approval of the Contracting authority subject to verifications.

Prepare your offer

Questions and answers

- Contacts with tenderers are forbidden!
- The only tool available is the **Q&A section on e-Tendering**

Title: HADEA/2021/OP/0010 - Service Contract to Identify Obstacles to Vaccination of Physical, Practical or Administrative Nature and Develop Recommendations
Description: The main objective of this tender is to support EU Member States in overcoming obstacles to vaccination:1. carry out a mapping of vaccination services in all EU Member States to identify
obstacles to vaccination of physical, practical and administrative nature;2. assess, on the basis of a large-scale survey among EU citizens in all EU Member States and a survey among health
professionals in EU Member States, to what extent these obstacles have a negative impact on vaccination coverage rates;3. identify, on the basis of criteria developed by the Commission, best practices
developed by EU Member States to overcome such obstacles;4. organise onsite-visits to the EU Member States from which best practices have been identified, for the other EU Member States to learn
about those5. pilot best practices in volunteering EU Member States; and6. develop final recommendations for overcoming obstacles to vaccination of physical, practical and administrative nature.

Procedure

Procedure reference number: HADEA/2021/0P/0010	Procedure type: Open procedure
Procurement type: Services	Awarding method: Best price-quality ratio
Publication date: 11/01/2022	Opening Date: 08/03/2022 11:00:00 UTC+01:00
Deadline: 04/03/2022 16:00:59 UTC+01:00	26 e-Submission service
Consult the procedure documents <u>here</u> to find out which information and documents the con	tracting auth The e-Submission service of the European Commission allows participants to prepare and submit their responses to procedures electronically in a structured and secure way. Make sure that you read the System Requirements before you start, and that you submit on time. To use e-Submission, participants (all members of a consortium) must be registered in the Commission online register of organisations participating in the EU grants or procurement procedures. After registration, each organisation obtains a Participant Identification Code (PIC). Registration is free of charge and takes about 5-10 minutes to complete. To check if an organisation is already registered in the Commission organisation register or to register a new organisation, elick here. Yes, I have read and I accept the Terms and Conditions and I acknowledge that I have read and understood the Data Protection Notice Mew submission

Evaluation of tenders

- The evaluation of the tenders that comply with the submission conditions consists of the following elements:
 - Check if the tenderer has access to procurement (see Section 2.2)
 - Verification of administrative compliance (e.g. signed by duly authorised representative(s) of the tenderer)
 - · Verification of non-exclusion of tenderers on the basis of the exclusion criteria
 - Selection of tenderers on the basis of selection criteria
 - Verification of compliance with the minimum requirements defined in the tender specifications
 - Evaluation of tenders on the basis of the award criteria
- The Contracting authority will evaluate the abovementioned elements in the order that it considers to be the most appropriate. If the evaluation of one or more elements demonstrates that there are grounds for rejection, the tender will be rejected and will not be subjected to further full evaluation.

Exclusion & selection criteria

 The objective of the exclusion criteria is to assess whether the tenderer is in any of the exclusion situations listed in Article 136(1) of the Financial Regulation. As evidence of non-exclusion each tenderer needs to submit with its tender a Declaration on Honour (Annex 2)

- The objective of the selection criteria is to assess whether the tenderer has:
 - Legal and regulatory capacity
 - Economic and financial capacity
 - Technical and professional capacity

Informing the tenderers

- ALL tenderers are informed about the results of the procedure, whether they are successful or unsuccesful
- The letter will include the outcomes of the assessment of the offer they have submitted

Contract signature

- The successful tenderer will receive the contract for their signature
- HaDEA uses QES (qualified electronic signature)
- If the contractor does not have QES, they will have to sign in blue ink and send the signed contract to HaDEA for a countersignature
- The contract enters into force when both parties will have signed it

Upcoming calls

AWP 2022 – upcoming calls (tentative)

Cancer- CR

PIN published! Development of a code of conduct on fair access of cancer survivors to financial services.

Activities will include stakeholders engagement to identify obstacles and challenges for cancer survivors to access financial services and work with business; drafting a code of conduct to ensure developments in cancer treatments and their improved effectiveness are reflected in the business practices of financial service providers; ensuring that only necessary and proportionate information is used for the assessment of applicants eligibility for financial products. It will also include recommendations for potential regulatory action at Union level.

Indicative budget: €2 000 000

https://etendering.ted.europa.eu/cft/cft-display.html?cftld=12029

PIN published! Study on obstacles for cancer survivors to return to work.

A study related to the return to work of cancer survivors, mapping national employment and social protection policies and identifying obstacles and remaining challenges.

Indicative budget: €500 000

https://etendering.ted.europa.eu/cft/cft-display.html?cftld=12029

AWP 2022 – upcoming open calls (tentative)

PIN published! Guidelines on access to healthcare for people with disabilities.

The overall objectives are to: a) map and analyse bottlenecks in accessing healthcare for people with disabilities; b) provide guidelines on how to increase access and overcome barriers in access to healthcare for people with disabilities; c) shed light on the situation of the people with disabilities in terms of access to cancer diagnosis and care

Indicative budget: €700 000

https://etendering.ted.europa.eu/cft/cft-display.html?cftId=12292

PIN published! Recommendations and Guidelines for the Management of Substances of Human Origin in Hospitals

These should support the quality, safety, efficacy and optimal use of SoHO in hospitals and cover existing requirements under EU law as well as the provisions of the proposed 'Regulation on standards for quality and safety of substances of human origin intended for human application'.

https://etendering.ted.europa.eu/cft/cft-display.html?cftId=12414

AWP 2022 – upcoming open calls (tentative)

Crisis prepardeness - CP

PIN published! Study on market research and mapping of innovative diagnostic testing solutions (HERA).

To support the gathering of information and mapping of innovative diagnostic solutions that could be used for preparedness and response to cross-border health threats. The expected results are the identification of the current developments and the future production of in-vitro diagnostics for the early and reliable identification of relevant cross-border health threats, as well as an analysis of the supply chains and any possible bottlenecks.

Indicative budget: €1 000 000

https://etendering.ted.europa.eu/cft/cft-display.html?cftld=12617

IT development for early warning, modelling, simulation, forecast (HERA)

The expected results are comprehensive IT tools that host, publish and analyse (including modelling, simulating and forecasting) the data in order to support the intelligence gathering and analysis function of HERA, to guide and underpin its work.

Indicative budget: € 24 500 000

Legacy – Third Health Programme

ERN MOBILITY Programme

- Exchange of healthcare professionals between healthcare centers
- From 1 to 3 weeks, all costs covered
- In the field of rare diseases

For any application queries, please contact the ERN Mobility Programme mailbox: ERNexchange@ecorys.com

SPREAD THE WORD!

Contract(s) signed

Supply of 334,540 doses of monkey pox vaccines (negotiated procedure without prior publication)

A first set of doses has already been delivered to Member States, Iceland and Norway. The remaining doses will be delivered by the end of 2022.

EU FAB

Network of vaccine manufacturing facilities in the EU and EEA, to secure early availability of manufacturing capacities. (Competitive procedure with negotiation)

Thank you!
