1. EPH Conference in Vienna (November 2017)

Registration for the 10th EPH Conference “Sustaining resilient and healthy communities” that will be held in Stockholm, 1 - 4 November 2017, is now open. Full-time students can register for the reduced early career rate. Find more information [here](#).

Don't miss the largest public health event in Europe and the opportunity to network with public health experts from across the Europe and beyond!

EUPHANxt is working on a wide range of conference-related activities and events. Here we present some of them.

a. EUPHANxt workshops and skills building seminars

Two skills building seminars and one pre-conference co-organised by EUPHANxt have been accepted and will take place in Stockholm:

Time	Organizers	Title	Description
Wed 1st 9:00-17:00 (Pre-conference)	EUPHANxt and EUPHA (EPI)	WRIT - How to write a scientific paper for a public health journal	Further information will follow.
Thu 2nd 9:00-10:30	EUPHA (HTA) (ECO), EUPHANxt	Skills building seminar: Skills building in HTA: how to address the economic impact of public health interventions?	Further information will follow.
Sat 4th 11:40-13:10	EUPHANxt, Young Forum Gastein, EuroNET MRPH	Skills building seminar: Fast and clear: how to present research findings in 3 minutes to a non-scientific audience?	This workshop aims to equip the participants with skills to target and tailor their presentations to non-scientific audiences. Moreover, it seeks to strengthen young professionals' skills to present their research findings in a clear and meaningful way in just 3 minutes.

b. Social event

Just like during the past three years, we will organize an informal get-together for students and young professionals. This will take place after the official Welcome Reception on Thursday, 2nd November. Further information will follow: stay updated!

c. Join the network -meeting

EUPHANxt annual 'Join the network' -meeting will be organized on Thursday 2nd November at 12:15-13:15. EUPHANxt encourages all student and young professionals to participate in the meeting.

2. Abstract Mentor Programme

This year, EPH Conference and EUPHA introduced an Abstract Mentor Programme providing an opportunity for young and/or less experienced abstract submitters to receive feedback from experienced reviewers. The programme was targeted at researchers who have limited access to colleagues to ask for guidance and comments on their proposed abstracts.

We are glad to announce that the Abstract Mentor Programme was a great success! We received a total of 28 abstracts of which 17 were submitted and accepted for the conference, which is a great start for this new programme. We used 15 mentors across Europe and many more expressed their interest. Thank you very much for all your support!

3. The Future of Public Health photo competition – Looking for your contributions!

The competition is organized by the EUPHA to celebrate 25 years of EUPHA (1992-2017). The winners of the competition will be announced at the European Public Health Conference 2017 in Stockholm, Sweden, and the winning photos will be spread among the European public health network.

Send your photograph(s) that match the theme ‘the future of public health’ to office@eupha.org with the subject ‘EUPHA photo competition 2017’ by **31 August 2017**. Apart from this, we do not restrict your creativity. Questions and enquires can be send to the same address with the same subject. If you find it necessary, you can also add a caption to go with the photograph(s).

4. Other interesting resources and events

a. EUPHANxt at the Young Leaders for Health Conference 2017

We are glad to announce that EUPHANxt is participating in the Young Leaders for Health Conference 2017 to be held in Berlin, on the 17-20 August 2017. EUPHANxt is also running a stand on Saturday during coffee breaks at 10:00-10:30 and 15:30-16:00. The conference provides an opportunity to contribute to the realisation of the Sustainable Development Goals with a special focus on good health and wellbeing for all. The conference combines a comprehensive workshop and lecture programme with a simulation of the World Health Assembly (WHA). One of the EUPHANxt representatives will participate in the conference. More information about the conference can be found [here](#).

b. Debating Europe

Debating Europe is a platform where you can discuss issues you care about with European politicians and experts. This is a great opportunity for any public health professional to voice ideas on public health related issues.

c. Public health quiz

Trying to find something to do on a rainy day? The ‘This is public health’ campaign in the US created a fun public health quiz which can be downloaded from their [website](#) for free.

Best regards,

Emma Honkala, Tjede Funk and Giacomo Scaioli, EUPHANxt Coordinators
