Special Issue
12th European Public Health Conference
in Marseille
20-23 November 2019

EUPHAnxt at the next EPH Conference

Few days to go before the start of this 11th EPH Conference. This special newsletter issue contains our main activities at the Conference. We hope to see you there!

Haven't registered to the 11th EPH Conference yet?

As you all know, the next European Public Health Conference will be held in Marseille (France) from 20 to 23 November 2019, with the core theme "Building bridges for solidarity and public health".

The Marseille conference offers an **opportunity to build new bridges**: of working together between the public health communities in Europe and Africa, seeking solutions to our shared challenges as inhabitants of a small planet now facing global threats, from climate change, emerging infections, and the global epidemic of non-communicable diseases.

As every EPH Conference, it will also be an amazing place for students, junior and senior professionals to meet, learn from each other and share experiences.

What's more, this year's EPH Conference in Marseille will feature a full track on **Digital Health** which will be developed in collaboration with the International Digital Public Health (DPH) Conference series.

EPH Fellowship Programme
Meet the fellows!

After the success of last year, the Fellowship Programme will continue also at the European Public Health Conference in Marseille. Six enthusiastic fellows will join the EUPHAnxt team and will follow and report on the main activities of this 11th EPH Conference (with a particular focus on Solidarity and Health, Migrants and Health and Digital Health). Come and meet them at the EUPHAnxt stand and enjoy their contributions at the end of every day on the EPH Conference App!

Come and meet the great EUPHAnxt family during the conference days! You'll find us at the EUPHAnxt stand, at our official, welcoming event at the conference venue or in one of our social events!
