

HIA section of EUPHA Report 2013

During year 2013 the following activities were completed by the section:

- The Annual meeting of the section at EPH conference in Brussels attended by 17 section members. The president and vice-president announced their resignation at the meeting and initiated election for new president and vice-president to take over by 2014
- Two workshops organized and run successfully at EPH conference on Brussels,
 - “Health (Impact) Assessments: Enriching the policy cycle” – round table
 - “A scenario building exercise for the future burden of disease in Europe” – a capacity building seminar together with Section on Public health monitoring and reporting
- Gabriel Gulis attended the EUPHA section council meeting in June 2013 in Brussels
- Communication with section members via e-mail
- Information about section disseminated at IAIA conference Calgary, Canada (oral presentation: European experiences with “health” in Impact Assessments) and 13th. International HIA conference in Geneva, Switzerland
- Joint action with WHO and IAIA on “Health in Impact Assessments” at IAIA Conference 2013 in Calgary (Can), preparation of booklet as a joint publication with IAIA and WHO EURO

Gabriel Gulis, president of the HIA section

Rainer Fehr, vice-president of the HIA section
