

## **Steering Committee for the EUPHA Section on Migrant and Ethnic Minority Health**

**November 2012**

### Tasks of the Section Steering Committee members

1. Advise the section President and vice-President about issues such as strategy and activities of the section, collaboration with external partners, and the role/position of the section within EUPHA
2. Support the section President and vice-President with the execution of section related tasks, such as consulting section members on specific topics, preparing the section's annual meeting, and writing news updates for e.g. the EUPHA Newsletter
3. Contribute to articles, (position) papers etc. on behalf of the section, at the request of or in consultation with the section President and vice-President
4. Represent the section/EUPHA at conferences and other events, at the request of or in consultation with the section President and vice-President and/or the EUPHA office.
