Submitted workshop proposals for Marseille 2019

In preparation for the upcoming European Public Health Conference in Marseille, two workshop proposals were submitted by the EUPHA section on Sexual and Gender Minority Health. Based on abstracts from section members, these two proposals focus on mental healthcare needs and predictors of mental health problems among sexual and gender minorities.

We would like to thank all members who contributed by sending in their abstracts, either for consideration for one of the workshops or as an individual submission. We hope to have more news on which proposals made it into the conference program by mid-June.

Online lecture during the European Public Health Week

In honor of the International Day Against Homophobia, Transphobia, and Biphobia, the Karolinska Institute and the EUPHA section on Sexual and Gender Minority Health are organizing an online lecture as part of the first-ever European Public Health Week. During this lecture, Dr. Richard Bränström (Karolinska Institute, Sweden) will present current research concerning the mental health of young lesbian, gay, bisexual, and transgender individuals. It will take place on Friday May 17th between 11.30-12.30 CEST and is open to all who are interested (in-person (registration required) or online). The live stream of the lecture will be available on [this web page](#).

MENTAL HEALTH OF YOUNG LGBT INDIVIDUALS

17 MAY 2019 - 11:30-12:30 CEST

Join the online live stream on the International Day
Against Homophobia, Transphobia and Biphobia

Organised by the Karolinska Institute, Sweden, and the
EUPHA section on Sexual and Gender Minority Health
